

Assistive technology ideas for your classroom in 2019

For over 30-years, AbleNet has been guided by the philosophy that every student, regardless of ability, can communicate, engage in learning, and show measurable progress.

Creating a classroom environment that offers a variety of accessible classroom-ready solutions will provide opportunities to increase communication, social skills, and problem solving skills while building independence

Access to classroom instruction in 2019

Assistive technology solution		Engagement skills addressed	Action
