Our Guiding Principles

AbleNet is committed to you, our customers, employees, and supplier partners. We know you expect more from us, and we're working to deliver. Our guiding principles today cover the environment, safety, our commitment to positive outcomes, world-class products and service, and more. *More information at www.ablenetinc.com > Resources > Guiding Principles.*

What's New

iTalk4™ with Levels

Four message locations, amplified dual speaker sound output, and sleek modern design. See page 3.

TalkingBrix™ 2

Improved sound quality and improved recording method. See page 8.

SuperTalker™ FT

Now with Feather Touch activation surface that's easy to activate. See page 9.

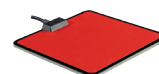

Plate Switch

Activation surface is now 350% larger! See page 18.

BIGtrack™ Wireless

Large trackball mouse with wireless connection via Bluetooth or included USB wireless adapter. See page 23.

TrackerPro™ 2

All new design for hands-free mouse use. Compatible with iOS 13 and iPadOS 13. See page 23.

Free Product Trials

The AbleNet Product Test-Drive program gives you the opportunity to trial up to five AbleNet assistive technology devices for 14-days at no cost! *More information at www.ablenetinc.com > Resources > Product Test-Drive Program.*

iTalk4 with Levels

Use iTalk4 with Levels for access to communication!

- The 2.5-in colored tops are permanently fixed in place and will not fall off
- Clear snap caps are removable so you can insert picture symbols to give additional meaning to each message
- Angled front makes the message activation areas easy to see

- Amplified dual speaker sound output creates our loudest communication device yet!
- Three recording levels with a total of 6-minutes of record time
- Switch input and toy/appliance output for reach message location
- Easily mount to any AbleNet mounting arm with the Universal Mounting Plate

RECORDING LEVEL 1: Core Messages

"I want"

"I would like more"

"Can you help me?"

"I'm all done"

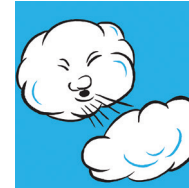

RECORDING LEVEL 2: Weather Messages

"Today will be sunny"

"Today will be rainy"

"Today will be windy"

"Today will be cloudy"

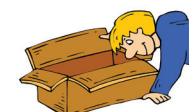

RECORDING LEVEL 3: Reading Messages

"Turn the page please"

"Please read"

"Look at this"

"I know the answer"

Assistive Technology and Curriculum Check-in

Have questions about the best assistive technology or complete curriculum for your classrooms? Schedule a virtual AbleNet check-in with Mary Sagstetter to discuss solutions.

Virtual meeting agenda:

- Discuss your challenges
- Review assistive technology and/or curriculum solutions
- Make a plan for your classes

Access to Instruction Classroom Kit

Select the technology to complete your Access to Instruction Classroom Kit. Locate the device on the following pages for ordering information.

BIGmack® / LITTLEmack™
access to single message

BIG / LITTLE Step-by-Step™
access to multiple messages

iTalk2™ with Levels
provide choice making opportunities

TalkingBrix™ 2
support communication / classroom instruction

QuickTalker® 7, 12, 23
record multiple messages on 5 levels

SuperTalker™ FT
record multiple messages on 5 levels

Hitch® 2.0
control computer / interactive whiteboard

Jelly Bean®
gain access to objects / item

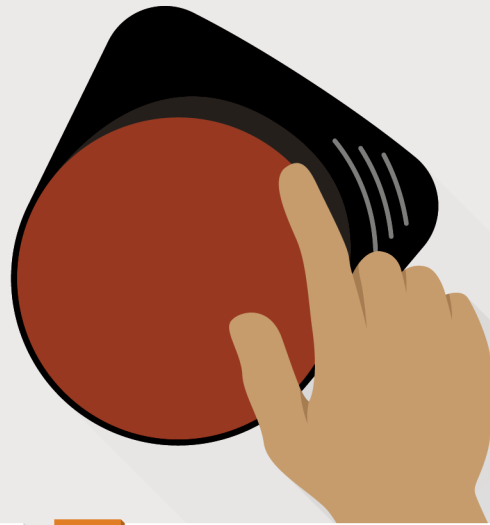

BigBlu Kinderboard™
enlarge, colored keyboard

All-Turn-It® Spinner
random selection class instruction / games

Four Awesome Ways to Use a BIGmack

1

Use your BIGmack to make a request such as:

- “Can you help me?”
- “I need a break.”
- “Can we read a book together?”

2

Use your BIGmack for social greetings like:

- “How are you this morning?”
- “Are you going to the basketball game tonight?”
- “What is your name?”

3

Use your BIGmack as a switch with a message to add context to what is happening:

- “Use with Hitch 2 to turn pages in a PDF book on a computer.”
- “Use with a PowerLink 4 to make smoothies.”
- “Use with an All-Turn-It Spinner for turn taking during an activity.”

4

Use multiple BIGmacks to make choices such as:

- Yes or no
- Food or beverages during a meal
- Different answers during a quiz

Communication Solutions

Colored caps included

BIGmack®

435002473

\$114.75

- Play a single message up to 2-minutes long

QuickTalker™ Freestyle Pro 12.9"

QuickTalker™ Freestyle Touch

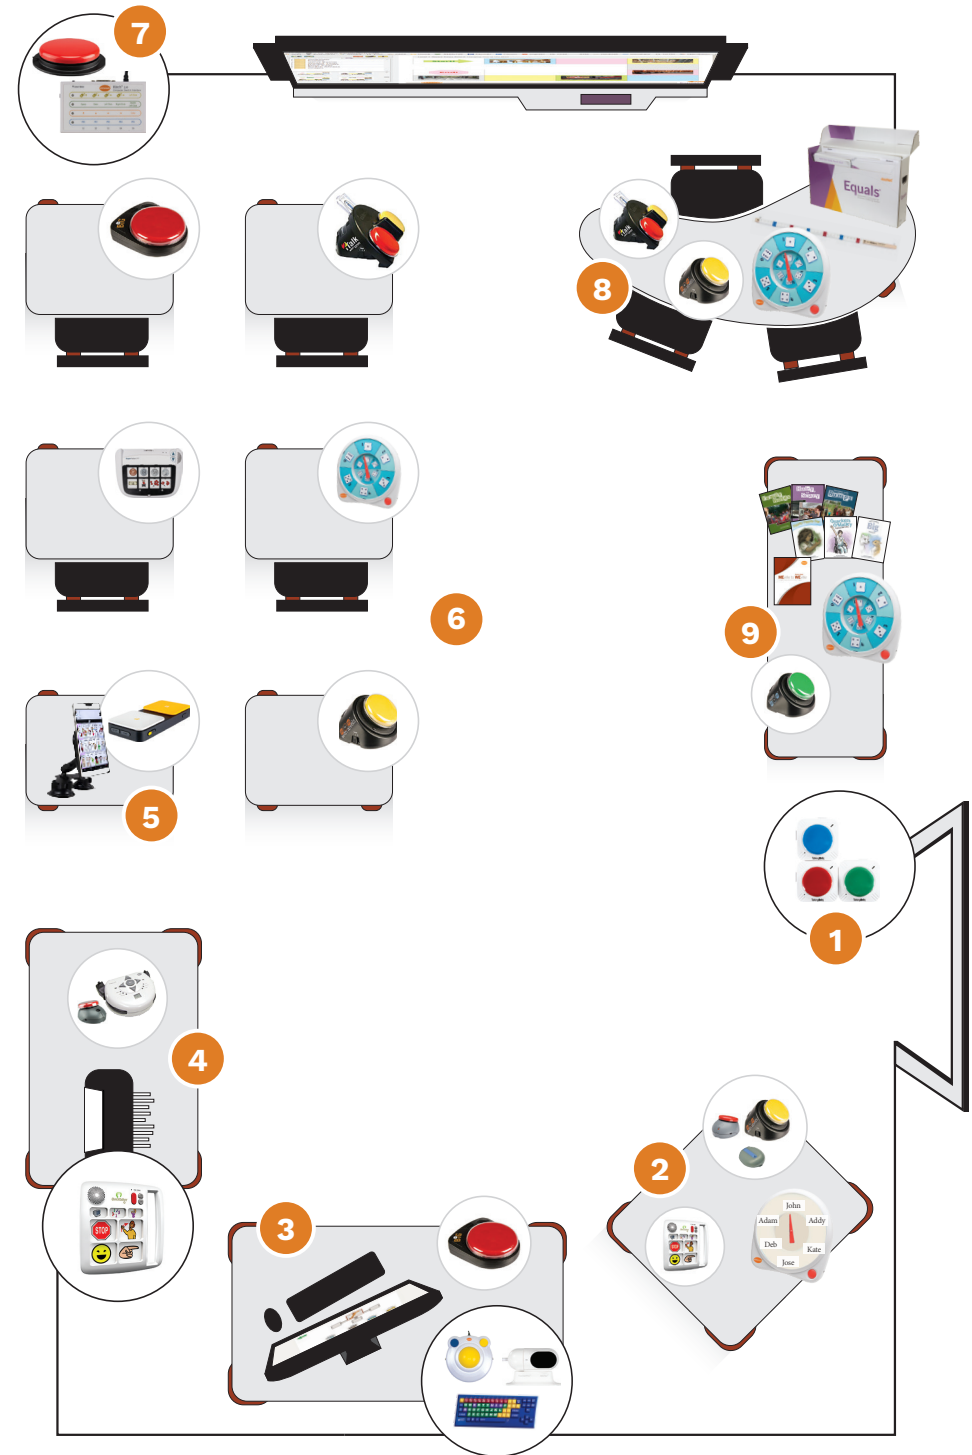

AbleNet Technology Tools for Access to Classroom Instruction

For over 30-years, AbleNet has been guided by the philosophy that every student, regardless of ability, can communicate, engage in learning, and show measurable progress.

Creating a classroom environment that offers a variety of accessible classroom-ready solutions will provide opportunities to increase communication, social skills, and problem solving skills while building independence.

Imagine the Possibilities!

- 1 Greetings at the door
- 2 Morning Meeting Center
- 3 Computer Center
- 4 Work Center
- 5 iPad Access
- 6 Instructional Area
- 7 Access to Interactive Board
- 8 Math Center
- 9 ELA Center

Increase Communication Opportunities During Classroom Instruction!

BIGmack®

435002473

ENGAGEMENT SKILLS ADDRESSED

Answer question during active instruction | Say repetitive story line | Greet Peers and Adults | Make a request | Ask for help | Continue an activity | Acknowledge comprehension of information

ACTION

Record a single message. Activate surface for playback.

Step-by-Step™

435002503

ENGAGEMENT SKILLS ADDRESSED

Recite items in a sequence - Count, days of week, vocabulary words, instructions, etc. | Engage in conversational exchanges | Practice conversational responses | Exchange personal details with a conversation partner | Give simple, verbal, step by step directions to a peer | Share an event | Recite a poem

ACTION

Record a sequence of messages on each step. Continually activate surface for playback.

iTalk2™

435002511

ENGAGEMENT SKILLS ADDRESSED

Explore opposing core words (Yes No, Go Stop, etc.) | Answer Yes and No questions during active instruction | Answer questions during live instruction | Engage in early conversation with two responses | Make a choice between two options

ACTION

Record a single message on each location. Activate individual location surface for playback.

TalkingBrix™ 2

317518364

ENGAGEMENT SKILLS ADDRESSED

Quick Ready Messages | I want help. | I need a break. | I am ready. | I want more. | I'm finished. | I know the answer. | I don't understand. | That was great!

ACTION

Record a single message. Activate surface for playback. Internal magnet allows for securing around the classroom.

**QuickTalker™
7, 12, 23**

311511783

311511791

311511805

ENGAGEMENT SKILLS ADDRESSED

Greeting | Use with Core words to answer during instructional periods | Conversational Turn Taking | Listening Skills | Requesting Assistance | Sharing/ Requesting | Information | Give Opinions | Combine core words to increase complexity of message

ACTION

Record a single message on each location. Activate individual location surface for playback. Record all levels. Combine individual symbols to create a novel idea.

SuperTalker™ FT

317518372

ENGAGEMENT SKILLS ADDRESSED

Initiate conversation | Respond to questions | Comment | Affirm | Negate | Greet | Describe | Direct others | Construct a narrative | Request

ACTION

Record a single message on each location. Activate individual location surface for playback. Record all levels. Combine individual symbols to create a novel idea.

**All-Turn-It®
Spinner**

435000365

ENGAGEMENT SKILLS ADDRESSED

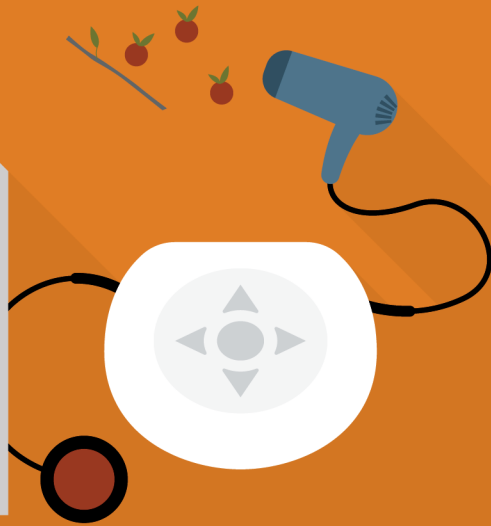

Daily Attendance with student photo | Choose student to answer | Practice content skills. i.e, vocabulary, numbers, colors, etc. | Random selection of art materials | Select game cards

ACTION

Place a picture/symbol on the spinner. Activate to make a random selection.

Feed the Bear Activity

Connect a blow-dryer to your PowerLink4 and activate it with a Jelly Beamer wireless switch or Jelly Bean wired switch to feed the hungry bears in your campsite!

Use a BIGmack for the activity so individuals can request a turn.

Use a All-Turn-It Spinner with images of different foods so students can randomly select a food to feed the bear.
