## Our Guiding Principles

AbleNet is committed to you, our customers, employees, and supplier partners. We know you expect more from us, and we're working to deliver. Our guiding principles today cover the environment, safety, our commitment to positive outcomes, world-class products and service, and more. *More information at [www.ablenetinc.com](http://www.ablenetinc.com) > Resources > Guiding Principles.*

### TalkingBrix™ 2

Improved sound quality and improved recording method. See page 4.

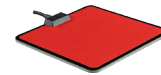

### iTalk4™ with Levels

Four message locations, amplified dual speaker sound output, and sleek modern design. See page 5.

### SuperTalker™ FT

Now with Feather Touch activation surface that's easy to activate. See page 5.

### Plate Switch

Activation surface is now 350% larger! See page 10.

### BIGtrack™ Wireless

Large trackball mouse with wireless connection via Bluetooth or included USB wireless adapter. See page 15.

### TrackerPro™ 2

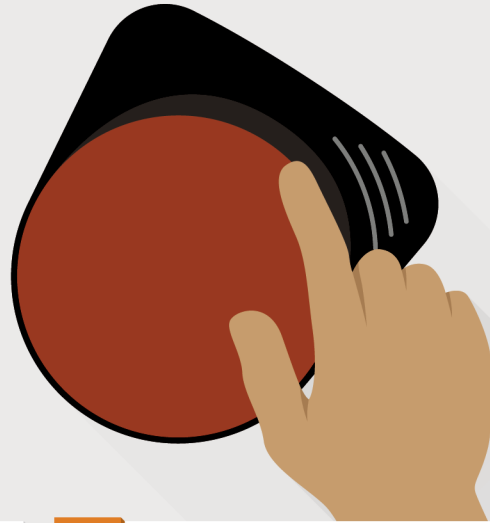

All new design for hands-free mouse use. Compatible with iOS 13 and iPadOS 13. See page 15.

### Free Product Trials

The AbleNet Product Test-Drive program gives you the opportunity to trial up to five AbleNet assistive technology devices for 14-days at no cost! *More information at [www.ablenetinc.com](http://www.ablenetinc.com) > Resources > Product Test-Drive Program.*

# Four Awesome Ways to Use a BIGmack

1

## Use your BIGmack to make a request such as:

- “Can you help me?”
- “I need a break.”
- “Can we read a book together?”

2

## Use your BIGmack for social greetings like:

- “How are you this morning?”
- “Are you going to the basketball game tonight?”
- “What is your name?”

3

## Use your BIGmack as a switch with a message to add context to what is happening:

- “Use with Hitch 2 to turn pages in a PDF book on a computer.”
- “Use with a PowerLink 4 to make smoothies.”
- “Use with an All-Turn-It Spinner for turn taking during an activity.”

4

## Use multiple BIGmacks to make choices such as:

- Yes or no
- Food or beverages during a meal
- Different answers during a quiz

# Communication Solutions

Colored caps included

## BIGmack®

10002100

\$135

- Play a single message up to 2-minutes long
- 5-in activation area
- Switch accessible

Colored caps included

## QuickTalker™ Freestyle

QuickTalker™ Freestyle communication devices are compact, lightweight, and extremely durable. Choose any augmentative and alternative communication (AAC) app from the iOS App Store to ensure that the user has the appropriate communication system for their unique needs. QuickTalker™ Freestyle is eligible for insurance funding.

## QuickTalker™ Freestyle

70000117

## QuickTalker™ Freestyle Mini

70000119

## QuickTalker™ Freestyle Pro 12.9"

70000134

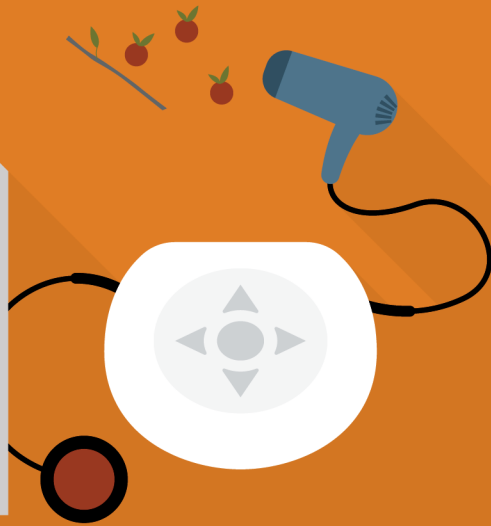

## QuickTalker™ Freestyle Touch

70000163

# Feed the Bear Activity

Connect a blow-dryer to your PowerLink4 and activate it with a Jelly Beamer wireless switch or Jelly Bean wired switch to feed the hungry bears in your campsite!

Use a BIGmack for the activity so individuals can request a turn.

Use a All-Turn-It Spinner with images of different foods so students can randomly select a food to feed the bear.

# Switches

# Computer Mice

NEW

## BIGtrack™ Wireless

10000039 \$125

- 3-in trackball
- Wide base provides stability while using
- Connect switches for left or right clicks
- Wireless connection via Bluetooth or included USB wireless adapter
- Compatible with most macOS, Windows, and Chrome computers

## BIGtrack™ 2

12000006 \$85

- 3-in trackball
- Wide base provides stability while using
- Connect switches for left or right clicks
- Requires USB A connection
- Compatible with most macOS, Windows, and Chrome computers

NEW

## TrackerPro™ 2

10000034 \$995

- All new design
- Hands free mouse controlled with head movements
- Connect switches for left or right click, or use a dwell selection software
- Requires USB A connection
- Compatible with most macOS, Windows, Chrome, and iOS/iPadOS 13 devices

## TinyMouse™

12000033 \$12

- Half the size of a standard mouse
- Requires USB A connection
- Compatible with most macOS, Windows, Chrome and iOS/iPadOS 13 devices

## ChesterMouse™

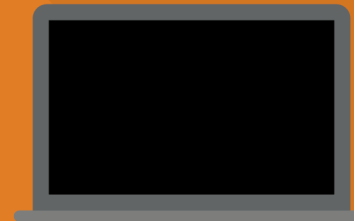

20030800 \$22

- Simple 1-button design (left click only)
- Requires USB A connection
- Compatible with most macOS, Windows, Chrome and iOS/iPadOS 13 devices

[www.ablenetinc.com](http://www.ablenetinc.com)

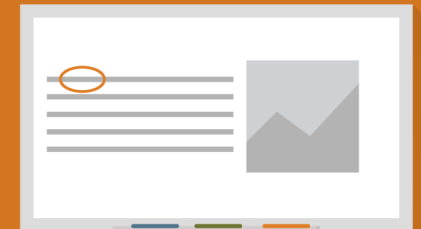

# Computer Access in the Classroom

Hands free control of an iPad with TrackerPro 2.

The large 1-in keys of the BigBlu KinderBoard are easier to access and see than standard keys on a Chromebook.

Connect Hitch 2 to your interactive whiteboard and use a switch to turn the page in a digital book during a group reading activity.

# Keyboards

## LearningBoard™

12000028 \$25

- Color-coded vowels, consonants, numbers, and function keys
- Standard size keys
- USB Type A connection

## LessonBoard™

12000029 \$25

- Color-coded finger layout to show correct finger placement
- Standard size keys
- USB Type A connection

## BigKeys™ LX Color

12000009 \$149

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Durable metal construction
- USB Type A connection

## BigKeys™ LX Black

12000007 \$149

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Durable metal construction
- USB Type A connection

## LessonBoard™ Pro

12000030 \$25

- Color-coded finger layout to show correct finger placement
- Keys do not have letters printed on them to help with keyboard memorization
- Standard size keys
- USB Type A connection

## Keys-U-See® Black

10090104 \$35

- High-contrast lettering makes keys easier to read
- Standard size keys
- USB Type A connection

## BigKeys™ LX White

12000011 \$149

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Durable metal construction
- USB Type A connection

## BigKeys™ LX Yellow

12000012 \$149

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Durable metal construction
- USB Type A connection

## Keys-U-See® Yellow

10090103 \$35

- High-contrast lettering makes keys easier to read
- Standard size keys
- USB Type A connection

## Keys-U-See® Ivory

10090102 \$35

- High-contrast lettering makes keys easier to read
- Standard size keys
- USB Type A connection

## VisionBoard™ 2 Yellow

12000024 \$55

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- USB Type A connection

## VisionBoard™ 2 White

12000022 \$55

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- USB Type A connection

# Keyboards

## KinderBoard™

12000019 \$55

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Color-coded consonants, vowels, numbers, and function keys
- USB Type A connection

## myBoard™ Lowercase

12000020 \$55

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Lower-case letters on keys
- Color-coded consonants, vowels, numbers, and function keys
- USB Type A connection

## Keyguard for Large Key with Function Keys

80000056 \$89

- Compatible with BigBlu VisionBoard, BigBlu KinderBoard, VisionBoard Wireless, KinderBoard, VisionBoard 2

## Keyguard for Large Key without Function Keys

80000057 \$89

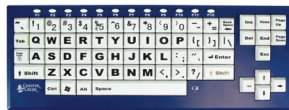

- Compatible with MyBoard Lowercase

## BigBlu KinderBoard™

12000017 \$60

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Color-coded consonants, vowels, numbers, and function keys
- Bluetooth connection

## BigBlu VisionBoard™

12000018 \$60

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Bluetooth connection

## Keyguard for BigKeys™ LX

80000028 \$89

- Compatible with all BigKeys LX keyboards

## VisionBoard™ Wireless Black Keys

12000025 \$60

- Large 1-in keys are easier to see and activate for users with fine motor impairments
- Wireless connection via 2.4GHz USB receiver

## Keys-U-See® Wireless with Mouse

10090401 \$59

- High-contrast lettering makes keys easier to read
- Standard size keys
- Includes mouse and keyboard
- Wireless connection via 2.4GHz USB receiver

# FREE PRODUCT TRIALS

The AbleNet Product Test-Drive program gives you the opportunity to trial up to five AbleNet assistive technology devices for 14-days at no cost!

You request which AbleNet assistive technology you want to trial, and we ship it directly to your address in the United States (we cannot ship to PO boxes). A return shipping label is included in the box when you receive your trial devices.

Get started at [www.ablenetinc.com](http://www.ablenetinc.com) > Resources > Product Test-Drive Program!

# Mounting Arms

## Friction Knob UMS

100USMSFK \$250

- Three adjustable joints
- Includes super clamp for attaching mount to table, wheelchair, or bed frame

## Latitude® Arm

10043000 \$340

- Three adjustable joints that rotate 360-degrees
- Variable length for precise positioning
- Constructed from super strong aircraft grade aluminum
- Includes super clamp for attaching mount to table, wheelchair, or bed frame

## Table Top Suction Mount Arm

80000103 \$75

- Quickly and easily attaches to smooth surfaces with two suction cups
- Adjustable mini arm for fine positioning

## Gooseneck

66305 \$190

- Flexible arm can easily be moved into place
- Includes super clamp for attaching mount to table, wheelchair, or bed frame

## Hover

10000012 \$270

- Ultra lightweight carbon fiber design
- Three adjustable joints
- Includes super clamp for attaching mount to table, wheelchair, or bed frame

*"I love AbleNet products and service is top-notch!"*

[www.ablenetinc.com](http://www.ablenetinc.com)

# Mounting Plates

## Adjustable iPad Cradle (9.7/10.5)

80000104 \$45

- Compatible with 9.7" and 10.5" iPads with or without a case
- Common compatible cases include OtterBox Defender, Griffin Survivor, and Gumdrop Droptech

## Adjustable iPad Pro Cradle (12.9)

80000105 \$120

- Compatible with 12.9" iPads with or without a case
- Common compatible cases include OtterboxDefender and Griffin Survivor

## Universal Mounting Plate

80000015 \$40

- Connect to any AbleNet mounting arm
- Compatible with the following switches: Big Beamer, Big Buddy Button, BIG and LITTLE Candy Corn, Big Red, Blue2, Buddy Button, Cup, Jelly Beamer, Jelly Bean, Mini Beamer, Mini Cup, Pillow, Plate, Specs, String, and Trigger
- Compatible with the following communication devices: BIGmack, BIG Step-by-Step (all versions), iTalk 2, LITTLEmack, LITTLE Step-by-Step (all versions), and TalkingBrix

## Micro Light Mounting Plate

66100 \$55

- Compatible with Micro Light switch

## Wobble Switch Mounting Plate

80000085 \$40

- Compatible with Wobble switch

# Activity Supports

## PowerLink® 4

10010701 \$255

- Control two separate A/C electrical appliances with a switch
- Compatible with wired or AbleNet wireless switches
- Direct, latch, and timed minutes and seconds modes

## All-Turn-It® Spinner

10070003 \$125

- Use for randomized selection
- Switch accessible

## Switch Adapted Walking T-Rex

30000035 \$40

- T-rex walks and roars when a switch is activated
- 1/8-in mono switch jack

## Switch Adapted Bump-N-Go Bubble Train

30000036 \$40

- Train moves, makes realistic train sounds, and blows bubbles when switch is activated
- 1/8-in mono switch jack

## Switch Adapted Penguin Race®

30050303 \$55

- Penguins walk up the stairs and down the slide when a switch is activated
- 1/8-in mono switch jack

## Switch Adapted Bubble Machine & Refill

300BPBMK \$75

- Activate the switch to blow bubbles
- 1/8-in mono switch jack

# Toys

## Switch Adapted Flappy Elephant

30000033 \$75

- Activate a switch connected to the left foot to play peek-a-boo
- Activate a switch connected to the right foot to play the song “Do your ears hang low”
- Two 1/8-in mono switch jacks

## Switch Adapted Pudgy the Piglet

30050313 \$55

- Piglet walks and snorts when switch is activated
- 1/8-in mono switch jack

## Switch Adapted Spunky Dog

30000034 \$75

- Activate a switch connected to the left foot to sing a counting song
