3. USAGE DATA TO ENHANCE USER EXPERIENCE:

We strive to continuously enhance the user experience by collecting anonymous usage data and use that as basis for improvements. If you participate, the data will be transmitted securely, recorded and stored anonymously to be identifiable only by random tokens. We might collect anonymous usage data such as (i) Software usage (e.g., feature usage) (ii) data on interactions with third party applications (e.g., gaze interaction on the desktop), and (iii) general system-related information (e.g., CPU, memory).

In any case we might perform online license- and update checks as well as basic error reporting where we might transmit essential system information (e.g., platform architecture) and anonymized identifiers over a secure channel.

We will never use any of this information to breach your privacy or for marketing purposes.

By accepting this End-User License Agreement you also accept that we might process your usage data in accordance with the above. If you don't accept that we might process your usage data you can change that in the "Settings".

On certain occasions you may explicitly join a special program related to the Software (e.g., upon enrolling in an insider, beta or early access program) which might be covered by different usage statistics and communication policies.

4. TERMINATION OF THE LICENSE:

If you breach any provision of this Agreement and such breach is serious or irremediable, your license to use the Software terminates immediately. On termination you must promptly delete any uploaded, downloaded and back-up copies of the Programs, and destroy or return to Tobii Dynavox AB all copies of the Documentation.

5. NO SUPPLIER WARRANTIES OR HIGH RISK USE:

5.1 To the extent allowed under compulsory law, the Software is supplied to you "as is". Tobii Dynavox AB gives no representations, warranties, conditions or other terms, expressed or implied, whatsoever relating to the Software, including, without limitation, relating to the performance, quality or fitness for purpose of the Software, its freedom from any defects in workmanship or materials in normal use or otherwise, its uninterrupted or error free operation, its compliance with any specification whatsoever or that defects in the Software will be corrected. 7. GOVERNING LAW AND DISPUTE RESOLUTION:

7.1 This Agreement is governed by Swedish law. The courts of Sweden shall have exclusive jurisdiction to resolve any dispute, claim or matter arising out of or in connection with this Agreement, or the existence, breach, termination or validity hereof, or the consequences of its nullity (each a "Dispute"). You agree that the Stockholm District Court (Sweden) is the most appropriate and convenient court to hear and decide any Dispute, and you agree to irrevocably submit to the Stockholm District Court in relation to any Dispute.
