

# My Way PROGRAM

The My Way Program supports your team from the beginning. We aim for everyone in the My Way Program to achieve best outcomes.

## Ready to Use

Every My Way Program classroom receives a unique kit of assistive technology designed to be used by all students throughout the day. This technology is ready to use the minute it reaches the classroom.

- 1 Includes batteries for every device
- 2 Includes printed core word picture symbol overlays for all speech devices
- 3 Scan the QR code in the Quick Start Guide or on the product to access the short getting started video.

## Implementation

You'll never be short on implementation ideas because every My Way Program classroom receives access to the Action Dictionary. The Action Dictionary provides hundreds of ideas on implementing AbleNet assistive technology in your classroom throughout the day.

## Ready to Support You Now

We believe on-demand support is a better model to achieve best outcomes for everyone. When someone has a question, they deserve an answer today. We're here to support you, not overload you with information in an all-day training. Every My Way Program receives access to the ableCARE Product Success Team and the ableCARE app for on-demand support.

Live support by phone, email, online chat, iMessage, Facetime, and Zoom, Mon-Fri, 8am-5pm CST

Download the ableCARE app for iPhone, iPad, or Android and access the AbleNet knowledge base for 24/7 access to videos, Quick Start Guides, and troubleshooting tips

## Take it to the Next Level

When you're ready, take it to the next level.

- ✓ Videos in our knowledge base show you how to access the advanced features of each product
- ✓ Use the free Symbol Overlay Maker app for iPad to create custom-printed picture symbol overlays
- ✓ Access AbleNet's ableU YouTube channel to get even more ideas on how to implement assistive technology in your classroom

Schedule a short meeting to learn more.
