

Parent Announcement to Physician

We suggest bringing this to your next doctor's appointment or sending it to your doctor via email or a patient portal.

Our speech-language pathologist has submitted a request to our medical insurance company to see if they will pay for a QuickTalker Freestyle speech device from AbleNet.

The QuickTalker Freestyle is a robust and flexible speech device that allows individuals with speech impairments to communicate with others.

To have insurance pay, it will require a prescription. AbleNet, Inc. will be reaching out on our behalf to obtain the prescription for the QuickTalker Freestyle speech device.

If you have questions contact AbleNet, Inc. at (800) 322-0956 with any questions or concerns.

Thank you!
