

Your speech therapist is recommending a QuickTalker Freestyle speech device. Individuals with speech impairments use the QuickTalker Freestyle to communicate with others.

To start the process of getting the speech device paid for by your medical insurance, AbleNet will be reaching out to request you review and approve parent/caregiver documents.

### Step 1

Your speech therapist recommended a QuickTalker Freestyle speech device.

### Step 2

AbleNet reaches out to you via text, email, and phone to obtain parent/caregiver documents.

### Step 3

AbleNet works with your speech therapist, medical insurance, and physician to get the QuickTalker Freestyle approved.

### Step 4

Once approved by your insurance company, the QuickTalker Freestyle ships next day air. Now, the communication journey begins.
