

We did it!

Project Recap!

Thank you for choosing the AbleNet Next Step Program and partnering with your dedicated project manager to secure QuickTalker Freestyle speech devices for the individuals you provide speech services to!

If you have another individual who could benefit from the QuickTalker Freestyle, we encourage you to submit a benefit check on our website, or if you find yourself with a large backlog, please feel free to reach out to your Next Step project manager, who will be more than happy to assist you in streamlining the process!

Please contact your Project Manager if you have any questions!
