

# Fall Scavenger Hunt

With Fall in full swing, it is a great time to get outside with AAC users to talk about the things that you can find! Below is a fun scavenger hunt you can complete with an individual using a speech-generating device.

Leaf

Cloud

Tree

Hay

Pumpkin

Apple

Scarecrow

Pinecone

Squirrel

Spider

Bird

Stick

## Tips for Use:

1

Help/show the individual how to navigate to each word on the device.

2

Ask questions about “where” you found each item (e.g., the leaf is in the tree!)

3

For more of a challenge, ask them to use describing words (e.g., “something that is green”, the leaf is green.)

4

Help create sentences using a carrier phrase such as “I found + \_\_\_\_\_.”
