

We've worked with thousands of families to help their loved ones obtain a voice!

The QuickTalker Freestyle is a robust and flexible speech device that allows individuals with speech disorders to communicate with others.

With every QuickTalker Freestyle you receive 5-years of on-demand support from our ableCARE Product Success Team.

TO GET STARTED:

Call 800-322-0956 or scan the QR code to start an online chat with our team.

How does it work?

1

Once we have the necessary information, we work directly with your medical insurance company to determine if the QuickTalker Freestyle is a covered benefit.

2

You have the opportunity to have a hands-on experience with the QuickTalker Freestyle.

3

We work with your speech therapist on the speech assessment outlining the medical need.

4

We reach out to your physician to collect the DME order and other insurance-required documentation. Please note that some insurance providers will require a doctor's appointment.

5

We submit the request to your medical insurance for review. If the QuickTalker Freestyle helps reach your loved one's communication goals and insurance approves the device, you keep it!
