

# Someone Special Ad-Lib Activity

Mother's Day and Father's Day are both coming up soon! In this timely activity sheet, you'll ask the AAC user to think of someone who cares for them, ensures their safety, and makes them happy.

This person could be their Mom or Dad, another family member, a counselor, a social worker, or guardian/figure in their life. Get creative and inclusive!

Once finished, use the finished fill in the blank page as a great addition to the refrigerator door, and a great gift too!

**Activity Instructions:** Prompt the AAC user to fill in the following blanks using their AAC Device.
