

ableEXPERIENCE

At AbleNet, we're committed to giving you the opportunity to experience the QuickTalker Freestyle firsthand as quickly as possible! With our ableEXPERIENCE, you'll receive the device promptly, so you can decide if it's the right fit for the user's communication needs. If you decide the QuickTalker Freestyle isn't the right fit, our team will work with you to return the device at no cost.

Here's how it works:

The QuickTalker Freestyle will come your way after:

The benefit check is completed.

All parent documents are submitted (allowing us to communicate with other medical professionals).

The SLP completes the information around what size device and communication app is needed.

If all the above happens on the same day, you'll have a QuickTalker Freestyle in as little as 2-days to begin your hands-on-experience, even while we finalize the rest of the process!
