

Step 1

Submit a benefit check to get your student an insurance funded QuickTalker Freestyle speech device

Step 2

AbleNet will confirm medical insurance eligibility and work with the student's insurance company and doctor to get the necessary documents

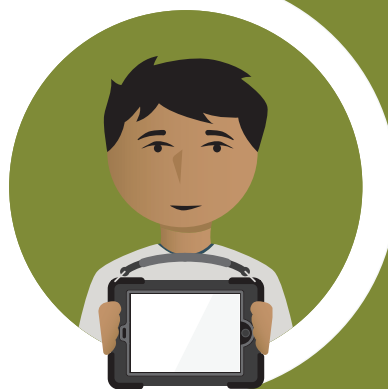

Step 3

Work with AbleNet to complete the speech evaluation - we even offer an easy to use template. Once complete, we will review it before we send it to the insurer

Step 4

Once approved by insurance, the QuickTalker Freestyle is shipped next day to your student

Step 5

Your student is supported by the ableCARE program

AbleNet | QuickTalker Freestyle™

You write the speech evaluation - AbleNet does the rest!

We provide a streamlined and stress free funding process that allows you more time to focus on providing speech services! We minimize your workload by working directly with each student's medical insurer to fund a QuickTalker Freestyle speech device.

This also means it is no cost to your school, and you don't have to spend budget dollars to create an equitable learning environment.
